

CFF Courses 1 and 2 Trainings from Lori

- ◆As you know, the CFF course is 30 hrs so I am offering some additional trainings to supplement the hours.
- ◆Please pick at least 2 of them to attend and contact me ASAP with your choices.
- ◆If the times and dates below do not work for you I also need to know that. I am also available to come to your department meetings to do trainings. If you coach and these dates are impossible, I can arrange some morning times.
- ◆I know everything is crunched together, but, by January I have to start putting my head back into third grade.
- ◆I am sure many of you are very busy and are not necessarily looking for more training, but I have tried to select high interest topics.
- ◆I will contact you to confirm the trainings you have selected. I am looking for at least 3 people per day for the session to run.
